

## Engineering Supply Chain Show 2024

Exhibit at the  
Engineering Supply  
Chain Show, the new  
3-day exhibition  
co-located with  
MACH 2024

### Book your stand today at the Engineering Supply Chain Show 2024 -

Where engineering and manufacturing buyers go  
to find world-class suppliers, exclusively in the UK  
engineering and manufacturing supply chain.

This show-within-a-show is part of the **MACH exhibition** but sits as a separate **3-day event**. Running from **16-18th April 2024**, **The Engineering Supply Chain Show** will have its own location and entrance in **Hall 7** - directly alongside **MACH**.

This new exhibition has grown out of increased demand for the successful UK Supply Chain Zone at MACH. This focused event is dedicated to buyers looking to source precision sub-contracting products and services from UK-based suppliers.

Be part of the UK's national event for manufacturing and engineering - meeting buyers and specifiers with budget authority to spend

**Don't delay - book today**
